- Easy to use and maintenance free
- Part # 510.801

TYPE DCRP

Economical and lightweight bench-mount multi-profile cutter/puncher.

- Light weight industrial grade cutter/puncher
- Easy to use and maintenance free
- Comes standard with a measuring guide and end stop
- Part # 510.601

TYPE ACL-DUO

Economical, heavy duty dual-profile cutter.

- All inclusive dual-profile cutter
- Cuts the two most popular (35 x 7.5 & 35 x 15 mm) DIN rails
- Durable and long lasting (50,000+ cuts)
- Comes standard with a rail guide, ruler (inches & metric) and end stop
- Part # 510.540

TYPE ALC-02

Economical, heavy duty dual-profile cutter.

- All inclusive, multi-profile cutter (no changing of dies)
- Durable and long lasting (50,000+ cuts)
- Comes standard with a rail guide, ruler (inches & metric) and end stop
- Pneumatic version available
- Part # 510.520 - cuts 35 x 7.5 mm, 35 x 15 mm and Hi-rise aluminum rail (part #111.044/045)
- Part # 510.530 - cuts 15 x 5 mm, 35 x 7.5 mm, 35 x 15 mm

TYPE A3001

Heavy-duty, bench-mount multi-profile shear-type cutter/puncher.

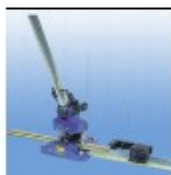

- All inclusive, multi-profile cutter/puncher (no changing of dies)
- Cuts and punches all four standard DIN rails
- Durable and long lasting (50,000+ cuts)
- Comes standard with a rail guide, ruler (inches & metric) and end stop
- Pneumatic version available
- Part # 510.501

TYPE ALC-01

Heavy-duty, bench-mount, cutter/puncher with interchangeable dies.

- Dies available for all four standard DIN Rails
- Custom made dies available
- Comes standard with a rail guide, ruler (inches & metric) and end stop
- Pneumatic version available
- Part # 510.511

TYPE GH3-M

Manual, heavy-duty, multi-die, cutter/puncher with one-stroke cutting and punching.

- High-precision one-stroke cutting and punching
- Supplied with 1 blade and 2 standard 6.5 X 13 mm punches and a one meter ruler and rail stop
- Dies available for all four standard DIN Rails
- Customized punches available
- Part # 510.300

TYPE GH3-P

Heavy-duty, pneumatic, multi-die, cutter/puncher with high-speed one-stroke cutting and punching.

- High-precision one-stroke pneumatic (5.5 bar min.) cutting and punching
- Comes standard with mounting stand, pedal control and safety housing
- Supplied with 1 blade and 2 standard 6.5 X 13 mm punches and a one meter measuring guide and rail stop
- Dies available for all four standard DIN Rails
- Part # 510.320
